INTRODUCING

OM VINTAGE/TS & D VINTAGE/TS

Bourgeois
Guitars

Our all-new Touchstone Series guitars feature Old-Growth Alaskan Sitka Spruce tops and Adirondack Spruce braces harvested from deep in our own backyard, selected and hand-voiced in Lewiston, Maine by Dana Bourgeois and his team. Drawing on Dana's near half-century of lutherie experience, the Touchstone Series is designed to deliver legendary Bourgeois tone and build quality to a wider range of players than ever before.
